

Homestay

Ohanaryugaku will arrange quality host family and maintain regular contact with your host.

All homestay hosts are carefully interviewed to make sure that they can provide a comfortable and safe living environment for our students. International students who choose to live with homestay will dramatically improve their English through everyday conversation and involvement with their families. Your homestay family will assist you in adjusting to your new lifestyle in Hawaii.

We will make sure that a close contact is maintained between your host and the school. We will also make regular contact with your homestay and the school to make sure that the student is attending school and doing his or her homework and make certain that the needs of the students are being met such as meals, privacy and being cared for.

We will arrange your airport pick-up.

You will be met by our representative and taken to your homestay family. But in some cases, we may ask your host parent to act as our representative.
